PROFILE

As a final-year Electronics and Communication Engineering student at St. Joseph's Institute of Technology with a **CGPA of 8.** I specialize in full-stack development using the **MERN stack**, with proficiency in React js, Node.js,,Express.js,MongoDB. I have completed front-end projects, including a personal portfolio and interactive apps, demonstrating my commitment to continuous learning and problem-solving acumen. Passionate about creating seamless online experiences, I aim to leverage my web development skills to excel in full stack development roles.

WORK HISTORY

Full-Stack Developer (INTERNSHIP)

RECHARGA CHARGINE   November 2023 - December 2023

https://www.rechargachargine.com/
I worked on it's UI part using React js.

Front End Developer (INTERNSHIP)

NULLCLASSES   March 2023 - May 2023

Developed front-end user interfaces for several complex web applications with HTML, CSS, and JavaScript. Learned to build **stack overflow clone app** using react js.

Cyber Security (TRAINING & INTERNSHIP)

BAVCHTECH   December 2022 - January 2023

Developed and implemented security policies and procedures in compliance with industry standards to ensure system integrity and safety. Learned some **linux commands** that were very usefull for networking and testing.
